

Safety Is Our Business

“Safety is our business”

The company's number one objective, shared alike by management and employees, is to conduct all aspects of our operation in a 100% safe manner. Safety is what Niyac Corporation Group is all about.

Objective

2 Million Kilometers Accident-Free

How did we choose the distance of 2 million kilometers?
This is equivalent to the approximate number of kilometers a driver will cover during the course of his/her career at Niyac.

Safety Activity Calendar

Root Cause Analysis

Heinrich's Method

All incidents that compromise safety in any way are investigated until we are certain that we understand what the root causes were. Only from that point can truly effective measures be taken to ensure non-recurrence.

Incentive Program

- Individual Awards
Drivers that complete one year incident-free service receive an award. Drivers that complete 15, 25, 35 and 45 consecutive years of incident-free service are hosted on a group tour, along with their spouses, to Hawaii. or California.
- Group Awards
Terminals that dispatch trucks for 2 million incident-free kilometer or that operate incident-free for a period of one year receive an award. Product Depots that operate incident-free for 10 consecutive years receive an award.

JTA Safe Truck Terminal Certification

Most of Niyac terminals have achieved certification by the JTA (Japan Trucking Association) as "Safe Truck Terminals" based on their exceptional safety-assurance performance.
