

CSR

Niyac Corporation Group, in its entirety, is striving in every way possible to be an active contributor to our society and its well-being.

Niyac treasures the credibility and trust it has earned through the years within the business community and society at large and in order to maintain and enhance this, the company treats proper corporate governance as a subject of continuing and utmost importance. To this end the company has instituted the following:

- Internal System of Legal Compliance
- Audit Regime of the Company's Management and Operations Procedures.
- Uniform, Corporate-Wide Business Practices Rules
- Internal Whistle-Blower System

So as to be able to respond to any and all safety breaches (chemical spills, gas leakage, etc.) as quickly as possible, Niyac has field-positioned emergency response equipment and materials in 25 specially designated "Emergency Response Centers".

Niyac Group has implemented strict policies and procedures to ensure the proper handling and effective protection of personal information.

As an enterprise relying on motor transport to provide many of our services, we are taking any and all steps we can so as to minimize the environmental impact of our operations. To this end we have implemented:

- Air Pollution Prevention
- Environment-Friendly Driving
- Enhanced Distribution Efficiency
- "Green" Procurement
